Professional Summary

Entry-level cybersecurity analyst with baseline exposure to VAPT, SOC workflows, and threat analysis. Comfortable using tools such as Burp Suite, Nmap, Metasploit, Wireshark, and OpenVAS for routine assessments and basic investigations. Hands-on experience with Python scripting, secure coding fundamentals, and common web vulnerabilities. Focused on learning consistently and contributing to day-to-day security operations in a structured environment.

Technical Skills

Security Tools: Burp Suite, OWASP ZAP, Nmap, Metasploit, Wireshark, sqlmap, OpenVAS

Programming: Python, JavaScript (React, Node.js), HTML, CSS

Security Domains: VAPT, SOC, Threat Detection, Source Code Review, OWASP Top 10, IDS/IPS

Processes: Alerts/Triage, Log Analysis, Case Management

Networking: TCP/IP, LAN/WAN, Cisco Routing & Switching

Databases: MySQL

Documentation: Technical Reporting, Security Audits, Presentation Design

Education

B.E. in Computer Science and Engineering

St Joseph Engineering College, Mangalore

Aug 2021 – Jun 2025

CGPA: 7.34

Pre-University (Science)

St Norbert PU College, Chikmagalur

2019 – 2021

81%

High School (CBSE)

St Norbert School, Chikmagalur

2018 – 2019

77%

Experience

Cyber Security Intern — Digitdefence.com

Jul 2025 – Oct 2025

- Executed vulnerability assessments and network threat modeling across multi-platform environments.
- Conducted static reviews for vulnerabilities such as XSS, SQLi, and CSRF, enabling rapid remediation.
- Supported attack-surface validation via controlled POC simulations and technical walkthroughs.
- Drove documentation workflows to streamline governance and enhance audit readiness.

Cyber Security Analyst Intern — EyeQ Dot Net Pvt Ltd

Feb 2025 – Jun 2025

- Operated within SOC workflows to manage alerts, escalate incidents, and improve response throughput.
- Performed VAPT engagements using Burp Suite, OWASP ZAP, Nmap, Wireshark, and OpenVAS.
- Delivered consolidated security reports to accelerate decision-making for engineering leadership.
- Enhanced detection logic through log analytics and threat-pattern correlation.

Web Developer Intern — MotionCut

Oct 2023 – Nov 2023

- Built responsive front-end modules using HTML, CSS, and JavaScript.
- Applied secure coding fundamentals throughout development.

Training

Certified Cyber Security Professional Plus — Skillovic

Jul 2025 – Sep 2025

- Completed hands-on modules in Ethical Hacking, Network Defense, Forensics, Incident Response, and VAPT.
- Gained operational proficiency with Metasploit, Wireshark, sqlmap, and Kali Linux for offensive simulations.

Key Projects

Vulnerability Assessment using OpenVAS

OpenVAS, Metasploit, DVWA, Windows 10

- Conducted comprehensive **VAPT** on web applications using **OpenVAS** and **Metasploit**, identifying critical vulnerabilities and recommending mitigation aligned with **CVE** benchmarks.
- Generated detailed reports for remediation, improving security posture and compliance readiness.

MAC Address Anonymization

Kali Linux, macchanger

- Developed automated **MAC spoofing** workflows to enhance network privacy and penetration testing scenarios.
- Demonstrated practical knowledge of **network security** and anonymity techniques.

LAN Intrusion Alert System

Python, PyShark, ARP Spoof Detection

- Implemented a real-time **intrusion detection module** to detect **ARP spoofing attacks** with 95% accuracy using packet-level analytics.
- Applied **incident detection and alerting** principles for proactive network security monitoring.

CrowdMint — Blockchain Crowdfunding Platform

Ethereum, Solidity, Web3.js

- Designed and deployed secure smart contracts for immutable transaction governance, ensuring auditability and fraud resistance.
- Applied blockchain security best practice, including access control and transaction verification.

Certifications

- EC-Council Certified Cybersecurity Technician (C|CT)
- CompTIA Security+ (Springboard TechA)
- IIFIS Cyber Security Professional Certification
- IIFIS AI Cyber Security Associate Certification
- Cisco Junior Cybersecurity Analyst Path
- AI Security & Governance (Securiti)
- Google IT Support (Coursera)
- OCI Certified Architect Associate
